

## **VI. COMMUNICATIONS TO THE BOARD**

### **Information Only**

#### **Food Service Biometric Cashier System**

**Mrs. Julie Hinds/Mrs. Lynne Rogers**

Mrs. Julie Hinds and Mrs. Lynne Rogers will present a demonstration of the use of a finger imaging biometric cashier system for possible use on the serving lines in school cafeterias to enhance the speed and accuracy of the payment procedures. Additional research needs to be completed on the implications of utilizing this technology. A recommendation for using the biometric system in the district's school cafeterias is not being made at this time.
