

Medford Public School
ISD #763

Medford School Board Meeting
September 14, 2015
Medford Elementary School – Mr. Ristau

ELEMENTARY SIGN

We are currently getting quotes for signage above the elementary entrance. MEPA is considering covering the costs. The sign would be gold 12-14 inch letters that spell ELEMENTARY. They would look very similar to the maroon numbers that are displayed by each exit (fire).

STAFF DEVELOPMENT

The elementary staff took part in a PLC training on August 27th with Rick Fields. The feedback from staff was time well spent as it re-energized staff that had been previously trained and educated those staff members that were newer to the district. Extra time was spent working in PLC groups where staff began to analyze test data and individualize learning plans for all students.

I will be attending the Minnesota Elementary School Principal Association (MEPA) Leadership Conference on September 20-21. I have served on the state membership committee for five years as the chairperson for southeastern MN.
