School Board Meeting Agenda Item

Topic: Public Forum – Budget Reduction
Presenter(s): Superintendent and Staff

There may be a quorum of board members present for the hearing, but no formal board action will be taken.

Red Wing Public School faces significant budget cuts, with estimates nearing \$3 million.

We understand that this is a challenging and stressful time for many in our school community.

Over the last several weeks, principals, program supervisors, district leadership, and the board have worked closely to address these concerns. Our leaders have put forth tremendous effort to contribute their ideas to make the best of this difficult financial setback. To ensure that your voices are heard and valued in the decision-making process, we are inviting all staff members to participate in this Community Forum

This forum provides an opportunity for open dialogue and collaboration as we navigate through these financial challenges. Your input and insights are essential as we work together to identify strategies to maintain educational quality while addressing budgetary constraints. We recognize that this process may evoke various emotions, and we want to assure you that your concerns and perspectives matter deeply to us. Our goal is to create a supportive environment where all voices are heard and respected.
