Re: Discussion Related to Bond Issue Implementation

We would like to continue the discussion related to the bond issue implementation at the Building and Site Committee meeting on Monday, November 4, 2013. Specifically, Cresa will be present to discuss the bid results for Environmental Consultants and Commissioning Services.

The RFP's were made available on October 14, 2013. Our Owner's Representative Plante Moran Cresa conducted a pre-bid conference on October 18, 2013 and accepted clarifying questions through October 21, 2013. The bid responses were due on October 29, 2013. We have received numerous responses and Cresa is currently reviewing the information.

The bid responses are available in the Business Office conference room for any Board member that would like to look at the documents provided by the various firms.

On Monday, November 4, 2013 at the Building and Site Committee Meeting Cresa will present the results of their evaluation to the Board of Education and provide recommendations for next steps in the process of selecting the Environmental Consultants and the Commissioning Services. As always, please let me know if there are any additional questions.
