RE: Bid for Services Strategic Prevention Framework Grant

Per our discussion, I am submitting this proposal for Jason Andreas (DBA: Playground Educational Consulting) to complete and submit the competitive OPI - 21st Century Grant Application by February 17, 2024 on behalf of Browning Public Schools. The Strategic Prevention Grant (SPG) would allow the District to continue to fund the Spokinapi Program which will provide prevention education K-12 for alcohol, Fentanyl, Opioids and Tobacco, as well as, case management/counseling for students that are currently struggling. If the application is successful, the grant will provide \$1.87 million dollars in funding over the 5-year life of the grant cycle for these purposes. Mr. Andreas is a licensed independent contractor with the State of Montana and has a current Blackfeet Tribal Business License on file with the BPS Business Office. He will be working with Cinnamon Salway Prevention Coordinator on the program design so that the services provided by the grant best fit the unique needs of the student's served by the District. These grant writing duties will occur outside of the hours that he is already contracted as a certified employee of the district.

60 hours X \$50.00 per hour = \$3000.00

Financial Impact: \$3000.00
