Bottom of Form

Background Information:

Manor ISD and Austin Community College work in collaboration to increase access to inclusive, high quality, and high performing learning environments focused on preparation for college and career.

Manor ISD, in partnership with Austin Community College, will focus on two key opportunity areas: instructional gaps and opportunity gaps by doing the following:

- Collaboratively working with schools to provide equitable access to MISD scholars to complete university transfer credits, earn an associate degree or train for a high wage career.
- Collaboratively seeking innovative college access paths to help ensure greater access and opportunity for all students.

HB3 Goal Alignment:

All HB3 and CCMR apply

Fiscal Implications: Based upon previous year's participation, the anticipated cost of this MOU agreement for 2021-2022 year is \$300, 000. This amount is subject to an increase, as it is based upon student enrollment in and across all MISD Dual Credit program offerings.

Administrative Recommendation: The MISD administration recommends adoption of the ACC Dual Articulated Credit and Early College High School MOU Agreement to support MISD college access and career readiness goals.

Motion Language (fill in the blank): I move that the board adopt the ACC Dual Articulated Credit and Early College High School MOU Agreement to support MISD college access and career readiness goals
