

**Dunlap Community Unit School District 323
Board of Education Meeting**

Date

September 22, 2025

Action ITEM

TO: Members of the Board of Education
Dr. Scott Dearman, Superintendent

FROM: Dr. Scott Adreon, Director of Operations & Services

SUBJECT: Pool Filtration System Replacement
Request for Proposals Not to Exceed \$200,000

PROPOSAL:

The recommendation is to approve the purchase of a new filtration system not to exceed \$200,000. This expedited process will allow us to mitigate a lengthy shutdown of the pool should it be necessary, as the permitting process for a filtration system could take 8-12 months after the design has been submitted.
