

Reflective Topics to Consider Throughout your Experience Teacher Cadet Program

1. Consider your strengths(StrengthsFinder.) How could you use your strengths to benefit the students throughout your experience?
2. How do teachers meet the needs of their students throughout the class period?
3. How do different learning styles impact student learning and teacher planning and instruction?
4. Explain the classroom management and behavior management strategies being used.
 - a. Are students aware of expectations?
 - b. Do the strategies being used encourage student participation?
 - c. Is there a specific program or practice they use consistently to encourage positive behavior?
5. How is student data used to support student needs and teacher instruction?
6. How has technology been integrated into student learning?
7. Implementing Balanced Literacy and Math can provide a highly effective learning environment for students. What aspects of balanced literacy and math are evident in your classroom?
- 8.
