SPECIAL NOTES

Kevin Lentz, Director of Development, onboarded a new fundraising system, Givebutter, to track fundraisers transparently and accept online and card payments. This system is free. Kevin is still working toward full activation of the system, but the system has proven to be an easier and more streamlined way to fundraise for the school.

We worked with the Delta Zeta sorority chapter from UCA to facilitate a toy and supply drive for the ASD dorms. They donated hundreds of items for ASD students.
