

# Executive Summary

Prepared for Board of Trustees Meeting  
March 10, 2015

## Digital Learning Design Project Pilot Study

---

### **Board Goal:**

**II. Teaching and Learning:** actively pursue, foster and support an advanced digital learning environment

### **Purpose of Report**

The workshop will explain the pilot project that our Digital Learning Design Team is coordinating.

### **Objectives**

- Share Design Team Membership
- Share Design Team work objectives
- Share Details of our Digital Learning Design Pilot Project

### **Operational Impact**

The Digital Learning Design Team's project may have implications for:

- Future technology expenditures;
- A Technology Replacement Plan;
- Technology needs for a Future-Ready Classroom;
- Short and Long terms solutions; and,
- Possible timeline for above.

### **Results**

The project's results will be shared in a culminating report in 2015-2016. The report will include recommendations to the DISD staff and Board of Trustees.

### **Other Options**

To extend the study to include other tech options based on recommendations and trending practices.
