**Extended School Day Program
Mission Statement**

Mission Statement

The Denton ISD Extended School Day Program's mission is to ensure our students have the opportunity for educational, recreational and enrichment programs. This program provides a supervised environment that promotes safety, responsibility and community involvement. The program's goals are to provide a program that addresses the immediate safety needs of students attending school in the Denton ISD by:

- Providing academic and enrichment/recreation programs that will challenge all students who would benefit from extended school day activities
- Providing a flexible program that can fit the needs of our students and those of today's busy parents
- Developing each child's confidence, leadership and achievements through participation in educational and enrichment/recreational activities
- Helping students better relate to others and recognize the differences that make a person unique by working and playing together

We realize that parents' schedules are rarely the same as a school's schedule. We also realize that many students leave school each day and return home to spend hours of unsupervised time in front of the television. In our supervised extended school day program at all elementaries within the Denton ISD, students participate in academic enrichment, recreational activities and homework study/tutoring time.

Program Growth

The Denton ISD Extended School Day Program began in 2002 with just one school. EP Rayzor which was our pilot school with 76 participants. Now, 13 years later, our program maintains approximately 950-1000 students and encompasses all 22 elementary schools within Denton ISD. We work with well over 3000 students each school year. Our staff has grown from 5 instructors to almost 90. We began the program with the program director and we now have three program coordinators. Our sites are divided into three zones which encompass the 380 corridor, the Lantana area, and central Denton.

The Extended School Day program has plans to grow in the coming school years. Starting in the 2016-2017 school year, ESD hopes to implement a middle school program to ease the transition between elementary and middle school. ESD also hopes to start a summer program in the summer of 2016.

Prior to the implementation of these programs, Extended School Day will complete surveys with the community to determine what specific needs should be met with these programs.

**Extended School Day Program
Zones and Newsletter**

Zones

As Extended School Day has continued to grow and develop, we strive to ensure the quality and safety of our program with the use of 3 coordinators. The coordinators work closely with campus administrators and staff, ESD instructors, parents, and ESD participants. Each coordinator is assigned a zone with 6/7 campuses. The Denton ISD Extended School Day Program is organized into Zone 1, 2, and 3 as follows:

Zone 1

Coordinator – Kay Peters

Blanton
Hawk
Houston
LA Nelson
McNair
WS Ryan

Zone 2

Coordinator – Parrish Butler

EP Rayzor
Evers
Ginnings
Lee
Newton Rayzor
Pecan Creek
Stephens

Zone 3

Coordinator – Cheryl Estes

Adkins
Cross Oaks
Hodge
Paloma Creek
Providence
Savannah
Wilson

Newsletter

Each month, the three ESD coordinators send out a newsletter to the parents. This newsletter is used to communicate major program events, a monthly calendar, program reminders, and highlights from each campus.

DENTON ISD February / March 2015

Extended Facts

Extended School Day - Zone 2

It is almost time to begin Extended School Day enrollment for the 2015-2016 school year. Be on the lookout for more information regarding this process. Information will be distributed soon.

Parents, please be sure to keep your contact information up-to-date with our office whenever there are changes. In the event that we must reach you, it is vital that we have accurate contact information for you.

Please contact the Zone 2 Program Coordinator with any questions!

DENTON ISD - ESD
MARCH 2015

Zone 2 School Spotlights

EP Rayzor The EP Rayzor ESD staff and students are excited to welcome spring! During the month of March, the students will be making spring-related crafts including bird feeders and a

For the month of February, Evers ESD did "Hearts and Crafts." For the month of March, ESD plans on taking advantage of the (hopefully) beautiful weather by having a lot of outdoor activities, like scavenger hunts. Evers ESD would also like to welcome a new instructor. Ms. Kandace will be helping Ms. Kate with ESD.

Evers

Ginnings ESD loves doing our fun crafts, outside games, and line tag! Each day, we continue to build on our team-bonding and leadership skills. We accomplish this through fun games and activities.

Ginnings

Each week, Lee recognizes outstanding students. One student is selected from each grade to be the Student of the Week. Being named Student of the Week is a huge accomplishment for the students.

Lee

For Valentine's Day "Fun Friday," we exchanged Valentine's cards, decorated some cookies, had some delicious snacks, and had a dance party! It was a blast. All of the students had a lot of fun!

N. Rayzor

ESD at Pecan Creek has been busy this new school year doing tons of great art projects and having a lot of fun! The staff would like to recognize the 1st Grade group for always following directions and being great leaders!

Pecan Creek

Earlier this month, the kindergarten and first graders went on their first nature walk of the new year! They made their own maps and drew the different plants/animals they saw on the nature walk. They saw so many fun things and had a blast!

Stephens

**Extended School Day Program
Lesson Plans**

Lesson Plans

Following are lesson plans that have been utilized at Extended School Day

Campus: Newton Rayzor Grade: K/1st Grade Theme: 5 Senses

		Monday, 9/15	Tuesday, 9/16	Wednesday, 9/17	Thursday, 9/18	Friday, 9/19
2:50-3:00	Cafeteria	Roll Call				
3:00-3:15	Cafeteria	Snack	Snack	Snack	Snack	Snack
3:15-3:30	Cafeteria	Snack/Bathroom Break	Snack/Bathroom Break	Snack/Bathroom Break	Snack/Bathroom Break	Snack/Bathroom Break

5:45-6:00						

**Extended School Day Program
Enrichment**

Community Presentations

Extended School Day incorporates the local community into the daily learning process. We utilize local citizens in various ways to enhance our interactive learning experiences. Some events we will have at our campuses this year include:

- ✧ Denton Animal Shelter Foundation, Inc.
- ✧ City Councilman, Dalton Gregory
- ✧ TWU Nutrition Department
- ✧ Master Gardeners
- ✧ City of Denton Recycling
- ✧ A pilot
- ✧ Veterans
- ✧ City of Denton Children's Librarians
- ✧ Therapy pals of Golden Triangle
- ✧ Keep Denton Beautiful

Practicum Activities

Special practicum activities are another aspect of Extended School Day. These activities further the children's' education in a variety of ways. University students act as a mentor to the ESD participants and help them progress in different enrichment areas including reading, math, and physical education.

✧ TWU Practicum

♪Extended School Day and the TWU Education Department have implemented a practicum providing tutoring that benefits both ESD and TWU students alike. Education majors from TWU gain valuable teaching experience and our students are enriched with one-on-one tutoring focusing on evaluating and enhancing each participant's reading, math, and physical education skills. TWU will conduct a practicum at Hawk Elementary.

✧ UNT Practicum

♪In the future, Extended School Day will be partnering with the UNT Math Department in a math based tutorial program.

Community Service

Community service is another aspect of Extended School Day. These service activities further the children's education in a variety of ways. We strive to not only help the children academically, but also to grow their character and sense of community. Some planned activities we have implemented this year are:

✧ Animal Shelter Fundraiser

♪During the Fall 2014 semester, the Extended School Day program partnered with the Denton Animal Shelter. The program raised various items to benefit all of the animals in the shelter and to assist with the move and opening of the new shelter!

✧ Denton Community Food Bank

♪During the Spring 2015 semester, the Extended School Day program plans to partner with the Denton Community Food Bank to raise food donations to benefit the Denton community. We have partnered with this organization in the past with great success. We are looking forward to this service project.

Fun Friday Spotlight and Special Events

Students participate in projects of their own at Extended School Day as well. Recently, campuses hosted Martin Luther King Presentations illustrating what they learned in various forms such as posters, speeches, presentations, and skits. Some upcoming projects/events going on at the campuses include:

- ✧ Chinese New Year
- ✧ Scavenger Hunts
- ✧ Field Day Relays
- ✧ Cinco de Mayo Celebrations
- ✧ Brazilian Carnival
- ✧ Talent Show
- ✧ Dr. Seuss Celebration
- ✧ Fall Carnival
- ✧ Recognized and celebrated Black History month with various activities (students choose a prominent figure from Black History and give a speech.)

The Extended School Day program also plays host to various special events. Most notably, during the spring 2015 semester, the UNT fraternity Alpha Chi will be conducting a literacy carnival with the students at Pecan Creek's ESD program.

We are excited to partner with different organizations to enhance our program.

**Extended School Day Program
Curriculum Enhancement Program**

Curriculum Enhancement Summary

The Extended School Day program is always trying to enhance the environment in which our children are learning. We accomplish this through various techniques. We enhance the curriculum by creating an environment that utilizes total learning. Research has proven that students using both sides of their brain are more engaged learners and therefore better learners. The teachers of these students are also better teachers because they provide a visually, socially, and emotionally enriched curriculum.

The ESD participants are engaged in daily activities that cover a wide array of enrichment areas. Our instructors use various sources to develop their lesson plans. The staff is trained in partnership with the district. We have brought in members from Library Services, Counseling, Technology, and the Special Education department to build the skills of our staff to provide a more total learning experience for our ESD participants.

With guidance from the program director, the three ESD coordinators compiled an Activity Guide to assist the instructors with lesson planning and implementation this year. This 800+ page guide is filled with various activities for each of the topics we study in ESD. It has craft activities, athletic activities, and enrichment activities. The ESD instructors use this guide to plan their lessons for each week. Each campus has a copy of the guide for the instructors' reference during activities.

In most of our elementary schools, ESD utilizes the computer labs. Library Services has collaborated with the ESD Program so that our instructors and students have easy access to district approved materials / websites during the computer lab rotations. The following research websites are accessed at:
<http://www.dentonisd.org/libraryservices>

Discovery Education

Pebble Go

Gale Databases (Kid's InfoBits)

Ebsco Databases (Searchasaurus or Kid's Search for K-5)

Enrichment Outline

Along with creative enrichment activities planned by our instructors, we have enhanced our program by including enrichment games designed to foster a higher level of math and literacy thinking and a deeper level of cooperative learning.

Math Enrichment Games

- Blokus
- Blink
- Toss Up
- Uno
- Yahtzee
- Rummikub
- Phase 10

Literacy Enrichment Games

- My Word
- Apples to Apples
- Scattergories
- Boggle, Jr.
- Boggle
- What's Gnu?
- Soundtooning
- Tri-Varsity
- Mad Libs

Activity Kits

- Sand Monsters
- Wooden Cars
- Trinket Boxes
- Mosaic Picture Frames
- Kites
- Mexican Banderos

Rotations

Our lesson plans are based on a rotation schedule. Throughout the afternoon, we rotate around the school doing different activities. We utilize the cafeteria, gym, playground and other outside areas, classrooms, and the computer lab. Many of our instructors are future educators. This year, around 85% of our instructors plan to become a teacher. We have education majors from both UNT and TWU. By having such a high population of education majors, we utilize an open curriculum design. We draw on the strengths of all our education majors and our vast collection of educational materials to develop strong, academically based lesson plans.

Extended School Day Program Training

Annual Training Agenda

The following is the agenda from the annual August staff training session.

Monday 8/18

8:30-9:00 Staff check-in

9:00-9:30

Introductions

- ◆ Instructors, office staff, coordinators

Ice Breakers

- ◆ Team Building
 - Organized ice breakers
 - Exercises
 - Simulations
- ◆ Campus teams
 - Instructional levels, mixed

9:30-10:00

Principal's Perspective

- ◆ ESD expectations from a campus administrator

10:00-12:00

CHAMPS

- ◆ Classroom management techniques using CHAMPS Behavior Management

12:00-1:00

Lunch

1:00-2:00

CHAMPS, continued

- ◆ Classroom management techniques using CHAMPS Behavior Management

2:00-4:00

Documentation and Reporting

- ◆ Accident Reports
- ◆ Discipline Reports
- ◆ Incident Reports
- ◆ Staff Reporting Reports
- ◆ Incident and Concern Reports
- ◆ Care and Concern Reports

Q&A

Conclusion

Tuesday 8/19

9:00-12:00

Enrichment and Activity Training

- ◆ Enrichment Game training
- ◆ Activity Guide Training
- ◆ Lesson Planning
- ◆ Computer Lab Training
 - Proper use of computers
 - Approved websites for students
 - Curriculum ideas utilizing the computer lab
- ◆ Fun Friday training
- ◆ Arts and Crafts training

12:00-1:00

Lunch

1:00-4:00

Enrichment and Activity Training, continued

- ◆ Enrichment Game training
- ◆ Activity Guide Training
- ◆ Lesson Planning
- ◆ Computer Lab Training
 - Proper use of computers
 - Approved websites for students
 - Curriculum ideas utilizing the computer lab
- ◆ Fun Friday training
- ◆ Arts and Crafts training

Q&A

12:00-1:00 Lunch

1:00-2:00

Cabinets and Organization

- ◆ Organization expectations

2:00-4:00

Campus Organization

- ◆ Preparing on campus for the first day of school

Conclusion

Routine Staff Meetings

The ESD Coordinators meet with the ESD instructors every other month to cover new directives and to get feedback from the group as a whole. These meetings last approximately 4 hours. For the 2014-2015 school year, we have meetings scheduled on September 13, November 15, January 5, March 28, and May 16.

CHAMPS

In conjunction with Denton ISD, as an extension of the school day, we feel it is very important to be consistent with the campuses classroom management plan.

ROTATION ACTIVITY: Enrichment

<u>C</u>onversation:	Pair-share with neighbor; voice level 1
<u>H</u>elp:	Raise your hand for help
<u>A</u>ctivity:	Painting a designed puzzle piece to form a large mosaic puzzle for the entire group
<u>M</u>ovement: permission;	Go to supply area with automatic otherwise get permission
<u>P</u>articipation:	Getting supplies, painting, pair-share with neighbor, raising your hands, cleaning up
<u>S</u>uccess:	Finish project and turn in to Instructor

**Extended School Day Program
Emergency Procedures**

Emergency Procedures

The Extended School Day program, in conjunction with Denton ISD, has implemented the following procedures to ensure that ESD participants are knowledgeable and safe if the following emergencies ever occur: weather, fire, or intruder. Our instructors conduct a bi-monthly drill to make sure that ESD staff and participants are trained and ready should an emergency ever occur. We will follow the building's fire procedures in the event of a fire.

ESD Intruder Alert Drill Procedures Checklist

Campus: _____ Date: _____

Safety Procedures	YES	NO
Lead instructor gives signal to begin Intruder Alert procedures		
Students understand signal (leave their belongings behind)		
Students quickly and quietly walk and line up		
Instructors carry clipboards, walkies, and ESD cell phone		
Instructors walk in the front, middle, and rear of the students to the designated safe location		
Students walk in a line, quietly, and without playing		
Lead instructor covers the door's window (if applicable)		
Each instructor takes attendance for their group		
Students enter the designated location and sit down on the floor facing away from the door		
No noise is heard coming from the safe location		
Students remain quiet and seated. They wait for instructors to give further directions		

Comments:

Denton Independent School District

Extended School Day

Enrollment and Registration

2014-2015

Enrollment and Registration

So far this school year, the Extended School Day program has serviced 3,949 students. As of February 17, 2015, there are 954 students registered and participating in the Extended School Day Program. At each school, the Kindergarten and 1st Grade classes have a maximum enrollment of 16 in order to ensure safety and quality of care. In our larger schools, the Kindergarten and 1st grade classes are separate, with a maximum of 16 in each class. Those schools include Blanton, Cross Oaks, Hawk, McNair, Paloma Creek, Pecan Creek, Providence, and Savannah. The remaining 14 elementary schools have a combined Kindergarten and 1st Grade class. The 2nd/3rd grade classes have a maximum enrollment of 22 students. Where the demand is higher and space is available, we have a second 2nd/3rd grade class that can accommodate up to 15 students. Campuses with a second 2nd and 3rd grade class are EP Rayzor, Hawk, and Pecan Creek. 4th/5th grade classes at all schools are combined, and they are open to 22 students at each school. As the Extended School Day program grows, we continually strive to update and refine the registration process. With the continued development of our registration process, we broke the registration process into two parts, beginning in April of 2012. This provided parents with the opportunity to secure their program spot online and complete the registration process at a designated location on a designated day. Beginning with the 2015-2016 program registration, we are very excited to announce our fully online registration process. Parents will be able to register their child(ren) for ESD fully on the computer. This will alleviate the problems associated with in-person registration like camping out and long wait times. Parents will secure their position in the program exactly like they did for pre-registration but, new this year, they will complete all of their paperwork at the same time. We are excited to roll this out and we know the parents will be just as excited.

The following is a breakdown of enrollment and waiting lists at each school:

ESD Enrollment and Availability 2014 – 2015

Adkins	K/1	2/3	4/5	Total

**The Extended School Day program at these schools has very low to no enrollment due to the free Communities in Schools program being offered at the campus.

***This program has an extensive waiting list due to limited space availability. ESD shares space with two other after school programs with student enrollment exceeding 200 students. This prohibits us from expanding the program on this campus.

Tuition and Scholarships

There is a one-time fee of \$55 to register each child in the Extended School Day Program. Tuition is \$175 per month, per child. Broken down by week, it comes to about \$47.08 per week or \$9.41 per day. Children that enroll in the middle of the month pay a pro-rated tuition for the number of days they will be attending.

The Extended School Day program does offer assistance through scholarships to families that are experiencing a hardship, medical emergency, or other family crisis. As reflected in this past school year, the majority of scholarship requests come from Title I schools. At our Title I schools, we try to help families by offering them a scholarship (either full or partial), or referring them to Communities in Schools, depending on the type and length of assistance needed. The director reviews the information to determine the scholarship award. For families in need, we can provide payment plans throughout the month. So far in the 2014-2015 school year, the Extended School Day program has made approximately 33 arrangements with various families for tuition. Our program is dedicated to providing after-school care to all families that desire/need it so we make every effort possible to create a payment arrangement when necessary.

In the 2015-2016 school year, the one-time registration fee will be \$55.00. Tuition will be \$180 per month. Increases in tuition are necessary for staff salaries, staff training, and supply budgets.
