Principal's General Narrative:

A lot of activity, everyone busy as we finished up the first cycle and starting on the 2nd nine week period. We are all proud that the accountability ratings were adjusted moving Brackett High School to a "Recognized" status. The teachers and students worked hard to achieve this rating and are motivated to continue reaching very high levels.

The high school and junior high faculty, as always, would like to express our appreciation for the support and leadership from the school board, superintendent, and everyone in the central office. Thanks.
