Trip Itinerary: Many memorials and monuments, several Smithsonian Museums, Gettysburg, Mount Vernon, Arlington National Cemetery – We are still working on a final itinerary.

We will depart the Middle School parking lot early on Wednesday, October 20th and return the evening of Saturday, October 23rd.

How it is funded: This trip is primarily funded by the individual students and their families. We do have some students traveling on scholarships provided by Nations Classroom and the Middle School Parent Association.

Transportation: Coach buses transport the group to and from the airport. We will travel on coach buses with tour guides during our stay in the Washington, D.C. area.

How students and families know about the code of conduct, etc: Meetings were held with students and their families when we originally planned the trip for these 9th and 10th graders when they were in 8th grade. We have had to postpone the trip the last two years and are travelling in October with students who chose to stay with the trip. We held a parent/student meeting this fall to communicate trip details and conduct/behavior expectation.
