Agenda Item Title: Head Start Quote National Educational Systems

From: Dr. Gutierrez, Deputy Superintendent

Description: Providing individual nap mats for each student is crucial primarily focusing on hygiene, comfort, and creating a personal space for rest. Each student having their own nap mat significantly reduces the risk of cross-contamination and the spread of germs. Children can easily transmit bacteria and viruses through shared surfaces. Individual mats ensure that each child has a clean and personal sleeping surface, minimizing the likelihood of illnesses spreading within the classroom or daycare. This is especially important during naptime when children are near and may be more susceptible to infection.

Historical Data: SSAISD has maintained a practice of procuring individual nap mats for its students on an annual basis. This yearly purchase reflects a long-standing commitment to providing each child with their own dedicated and hygienic space for rest during the school day.

Recommendation: SSAISD recommends that the Board of Managers approve new nap mats for the 2025-2026 school year. It is vital for promoting a healthy and hygienic environment, providing comfort and personal space for students during rest time, and potentially aligning with best practices and regulatory expectations in early childhood education.

Purchasing Director and Approval Date: Rebecca Herrera, June 16, 2025
