Re:

As a means to ensure that items included on Board Meeting agendas are timely and appropriate topics to include, an update that requires all topics to be submitted in writing by at least two Board members is being requested.

This Board Policy Update includes the following LOCAL policy changes:

- BE: Board Meetings (replace policy)

Recommendation:

An appropriate motion for board action on Localized Update to BE(Local) is as follows:

"I move that the board revise policy BE(LOCAL) as recommended by TASB Policy Service."
