On Trend - Grab & Go

Photos courtesy Kimberly Hinrichs. Thank you!

Grab & Go items in K12 cafeterias have been generating quite a buzz in school cafeterias. Kim Hinrichs, Interim Director at [Buffalo Hanover Montrose Schools](#) in MN, has had great success in offering G&G items. Here are her tips:

Keep it simple. Do the most popular items. Fill the containers up, to fill the kids up! Make it easy to get through the line. Use containers they can see through.
