MEMORANDUM

To: Members of the Board of Trustees
From: Edgar Ponce; Planning & Instruction
Subject: (HB 3) GPM 1.3 Progress Monitoring—Grade 3 Math
Date: March 4, 2026

HISTORY:

The Board of Trustees has approved Student Outcome Goals and Goal Progress Measures as part of HB 3 progress monitoring requirements. This report aims to provide feedback on HB 3 Goal Progress Measure (GPM) 1.3, which focuses on math growth for students in grade 3.

RATIONALE:

Goal Progress Measure (GPM) 1.3 (District; 1-year Goal)

- The percentage of Approaches of all 3rd graders which take the Math STAAR Interim Assessment early Spring of 2026 will be at 75%.

In this report, three parameters will be examined related to grade 3 math growth:

- Meeting MOY math growth target based on Interim assessment
- Subgroup Analysis

For this report, Alarcon and Borrego's 3rd-grade math results will be reported separately and then averaged to compare to the target. Campuses came up with their campus Target goals and will be used in this report and can be compared to the board goal at the end.

Meeting MOY math growth targets based on Interim assessment

Alarcon had 65 students in grade 3 take the Interim test in mathematics during January 2026 in English and had 9 students take it in Spanish. Borrego had 97 students in grade 3 take the Interim test in English and had 19 take it in Spanish.

The mission of the San Elizario Independent School District is to graduate students with innovative skills for 21st-century careers by focusing on academic and social skills, fostering transformative practices, and building community support through positive relationships between home and school.
