

**DU PAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomington, Illinois**

Regular Meeting November 27, 2023

FOR DISCUSSION:

Subject: Architect's Options for District Programming

DLA Architects presented several options at the last regular meeting for the District to consider regarding renovations to Westfield and options to be compliant with the requirement of full day kindergarten in four years:

1. Two options for an independent grade center for Early Childhood to be developed at the site of Four Seasons Park in Roselle;
2. An option for grade centers at the elementary buildings and how that configuration could look;
3. An option that made space in the elementary buildings through the 5th grade moving to Westfield;
4. Options for renovations to both elementary buildings to accommodate full day kindergarten programming;
5. An option for the installation of trailers at the elementary buildings.

The projected costs for each of the options are also attached, as they were for the last regular meeting. Drawings for each option will not be shown at the meeting, as they were for space and planning purposes only.

Tonight, if you would like to share your thoughts on these options, you will have the opportunity to do just that. DLA Architects, along with Ed Sullivan Consulting and potentially Elizabeth Hennessey of Raymond James, will be at the December 18 regular meeting for more specific questions and to share additional information with the Board of Education.
