Background Information

World Café Part II	Red Wing High School, February 22, 2024 at 5:00pm
<p>Building and Programming Updates</p> <p>1st meeting of the Month Building Updates</p> <p>2nd meeting of the month Program/Department Updates</p>	<p><u>Colvill</u></p> <ul style="list-style-type: none"> Fall session of ECFE has wrapped up and registrations are open for the spring session. We're trying some new things such as a Book Study and a special event with Ride-Ability. 24-25 school year Little Wingers Preschool registration opens 1/9/24 with our open house! <p><u>Sunnyside</u></p> <ul style="list-style-type: none"> Kindergarten and first grade students did some charitable fundraising during the month of December to raise money to benefit the community of Red Wing. students completed chores in return for donations. Kindergarten students raised over \$900 for the Red Wing High School Food Shelf, and first grade students raised over \$650 for HOPE Coalition. Representatives from both attended an assembly on Friday, 12/22 to accept the donations, and Mr. Alton's students got the chance to pie Mr. Pagel in the face as the top earning class. On January 10th & 11th, first grade students will enjoy a field trip to the Minnesota Children's Museum. The field trip is made possible through a grant from the Red Wing Public Schools Foundation, and busing is provided by the Sunnyside Innovative Learning Fund, which is funded through our school fundraisers. <p><u>Burnside</u></p> <ul style="list-style-type: none"> Neil Lahammer & Wes Albers have spearheaded an activity with Red Wing Food Shelf to provide "Party Gift Bags." For example, the classroom projects were to put together a "Birthday Party in a Bag," "Snowman Soup," and "Cookie Decorating Night" and were delivered on December 19. A food drive will be coming up in March.

Twin Bluff

- Mrs. Finholm's grade 7 math students have been visiting Sunnyside and celebrating the learning of math through our "Math Buddies" program. Grade 7 students meet with and help "teach" the current concepts that are being covered in the elementary classrooms. It is amazing to see the bonds forming between student groups and how the middle school students learn through teaching our younger students.
- Ms. Waage and Ms. Duval sponsored an "adopt a family for the holidays" program and the staff at Twin Bluff stepped up big time! TB staff "adopted" 14 families and spread holiday cheer to all:-)

High School

- We had several drives occurring in the lead up to the holiday break from BSU, NASA, and FCA. That all showed an outpouring of support from our community. BSU was able to offer back the large amount of clothing back to various schools and set up tables to offer clothing to those in need before leaving for the winter break.
- Ovation Choir was incredibly busy in the month of December performing throughout the greater area and graced our staff with a performance before sending everyone off to break. Thank you to Scott Perau and all our scholars in Ovation Choir.
