

BOARD OF SCHOOL TRUSTEES
KELLER INDEPENDENT SCHOOL DISTRICT

11A. Worksession/Discussion Date: December 10, 2009

SUBJECT: GRADUATION REQUIREMENT CHANGES PER HB 3

BOARD GOAL: All students will achieve educational excellence.

FISCAL NOTE: None

Background Information:

- HB 3 eliminated the required one-half credit of Physical Education, leaving one regular credit
- HB 3 eliminated the required one-half credit of Health Education, leaving no Health requirement
- HB 3 eliminated the required one credit of Technology Applications, leaving no Technology Applications requirement

Administrative Considerations:

- Do we want to adopt a local policy to maintain these additional course requirements?
- If additional requirements are added, which class(es) of students would be affected? Example: 2009-2010 freshmen and above? Incoming 2010-2011 freshmen?
- There are personnel and financial implications for any decision.
- Board guidance and/or policy needs to be provided in January, prior to the registration period.

Communication Deployment:

- Board Meeting Minutes

+++++

Respectfully submitted,

Deana Lopez
Assistant Superintendent of Curriculum & Instruction
