RE: Board of Trustees Report

Enrollment Numbers:

5th Grade- 97
6th Grade- 102
7th Grade- 103
8th grade- 100

Distance Learning Update

This has been an interesting change with distance learning with our students. Our staff has been amazing in developing strategies to meet student learner needs. Currently, about 85% of our students are accessing learning online. The remaining students are learning by packets that the staff has put together to keep students engaged in the learning process.
