CCSD Board Report Special Education December 2023

Currently have 109 students with an IEP, Craig brick and mortar currently has 45 students and PACE has 64 students with an IEP. We currently have 5 approved Intensive students and have submitted 1 additional student for funding consideration. We have identified an additional student that may qualify as Intensive for next year's count.

Next Level Speech Therapy is currently serving 36 students in Craig and PACE with Speech services. Six students currently have signed consent and are undergoing the assessment process for special education eligibility. There are an additional ten students receiving Speech consultation through SERRC at the Anchorage and Wasilla PACE offices and we are doing a cost analysis to see if there may be savings and improve service to student by switching providers.

Vision and hearing screenings at CES, CMS, and CHS are complete. The first week of December has been a busy one, we have had visits from our Speech provider, School Psychologist, and a specialist from SESA to work with students. Planning for Pre-K school readiness screenings is currently ongoing with anticipated timeframe of Mid-February to Mid-March.

Michael D. Hautala
CCSD
Director of Special Education
