

APPLEGATE SCHOOL

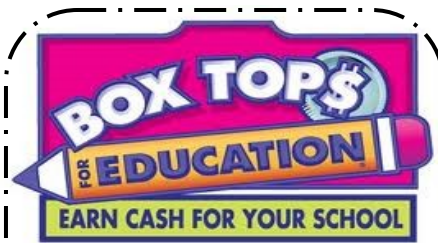

COUGAR TAIL

The Doodle 4 Google competition is now open to all K-12 students in U.S. schools (including homeschoolers). Parents, teachers, or after school programs may submit doodles on behalf of their child or student as long as they are accompanied by a completed and signed entry form. For complete information: <http://www.google.com/doodle4google/index.html> Entry forms are in the computer lab.

THANK YOU Coaches Bill Johnson and Paul Porter for making our Girls' Basketball program a success!

Give The Bananas A Chance!!

Ms. Deena would like everyone to know that she has to keep the bananas in the refrigerator. This makes the skins turn black. The banana inside is still just as good as if the skins were still yellow.

Did you know? Bananas with black skin are at their sweetest and best for cooking. -from homecooking.about.com

Applegate Valley FEAST Event - March 11th

Come be a part of the process to strengthen your local food system! There will be a community food system workshop, called a FEAST, on Sunday, March 11th at the Applegate River Ranch House in Applegate from 1pm to 6pm. This will be a facilitated discussion and work session to develop plans to improve our local food system. This is a chance to connect with your community around food, increase access to healthy foods and enjoy a FREE meal that celebrates local food. This event is open to the public and hopes to engage families, individual consumers, farmers, grocery stores, food processors, and many more. For more information and to pre-register contact Hannah Ancel, Community Food System Coordinator, ACCESS, hancel@accesshelps.org, 541-618-4919.
