

Altamont Elementary School Teacher Student Success Act Goals, Plan and Budget 2024-25

The mission of Altamont Elementary School is that we will “do whatever it takes to instill in our student’s academic, social and emotional skills necessary for success.” We are going to focus on reading and math proficiency and student mental health wellness.

- 1) Our school goal for the 2024-25 school year in our school improvement plan is to increase reading and math proficiency in all students.
- 2) Enhance student success by taking care of students social and emotional well-being.

Our plan to reach these goals for our students include the following strategies:

#1 We will purchase ST Math and Dreambox Math computer programs to supplement math interventions.

#2: Hire an aide to help teach Second Steps social and emotional lessons to each class.

#3: We will pay for more intervention aide hours to help with math and reading intervention.

#4: We will supplement our PBIS plan to increase student mental health wellness and improved behavior

Any extra funds will go toward aide hours.

Budget
Allocation: \$50,000

ST Math and Dreambox	\$6,000.00
PBIS costs	2,000.00
Aide Wages	\$42,000.00
Total	\$50,000.00
