

Outstanding Student

Corey Ahmaogak Kippi

Corey is a calm and mature young man with a well-developed internal moral code. He is fair, kind, and soft spoken because his moral compass tells him that is the right thing to do. He is the older brother of the middle school taking care, and leading by example. Corey leads not just to his little brother, and cousins, but to everyone even those older than him. Corey has matured enough to know the value of saving and conserving, he currently has more points saved up with the LivesSchool store than any other student. He will help when asked in the class room, and is not afraid to stand up for what he knows is right. We all enjoy his presence and look forward to seeing him once the school can open again.
