

HEALTH REQUIREMENTS AND SERVICES: IMMUNIZATIONS

ENROLLMENT

The parent or guardian shall be responsible for providing immunization records of students entering school for the first time or transferring from another district.

Students entering school for the first time or transferring from outside of **Texas** ~~the United States~~ shall be current on all immunizations prior to being admitted.

Students transferring from another district in **Texas** ~~the United States~~ shall be given a 30-day grace period for the transfer of school records. If the school has not been furnished with complete immunization records by the time the grace period expires, the student shall be excluded from attendance until such records are complete and current.

REQUIREMENTS

~~At the beginning for the student's sixth grade year, or when the student turns 12, whichever comes first, verification of the required administration of the second measles immunization, the Hepatitis B immunization series, and documentation of either the varicella vaccine or chicken pox shall be required.~~

At the beginning of the student's sixth grade year, verification of the required administration of either the Hepatitis B immunization series, and documentation of either the varicella vaccine or Chicken Pox shall be required.

Hepatitis B

Three doses are required for the following grades in the following years:

2004-2005 K-10
2005-2006 K-11
2006-on K-12

Varicella

One dose on or after the first birthday for the following grades and years:

2004-2005 K-4, 6-10
2005-2006 K-11
2006-on K-12

At the beginning of the student's ninth-grade year, verification of the Td booster within the past six years shall be required.

FOLLOW UP

In addition to the proof of immunization required at the time of enrollment, parents shall also respond annually to the school the follow-up health forms provided by the District.
