To: Debbie Monschke
Denton Independent School District Board of Trustees

From: Marty Thompson 
Director of CTE
Dean Advanced Technology Complex

The following items which were located at Denton High School Auto Tech department are no longer functional and should be declared surplus. These items were purchased before I came to the district so I am unable to give you any information regarding what funds they were acquired with. My best guess is they were purchased with bond money when the addition was added to DHS.
