

## **Executive Director Board Report**

**October 25, 2023**

- October is a busy month for student learning as we get close to wrapping up the 1st quarter on November 2, 2023. Our Open House will be on the afternoon of November 8, 2023. Open House allows students, families, and caregivers to visit with school staff about individual progress.
- Hiring Educational Assistants is a complex issue. We continue to pursue various avenues to recruit staff, including attending a job fair scheduled for mid-November.
- Our 2022-2023 Fiscal Audit is complete. The audit is scheduled to be presented at the December 2023 meeting. Thank you to Kim Washa for all the additional work necessary to make this happen smoothly.
- STEP projections for the following school years have stayed the same. We are currently finalizing the plans and proposed cost for Phase 1, which is remodeling the current CVSEC footprint for additional bathrooms in STEP/SUN and space for STEP.
