

Transit Curtains

Solution to CDC guidelines!

**Keep Drivers safe with
Transit Curtains**

Protects drivers from airborne disease.

Meets CDC guidelines for barriers and distancing.

Reduces spread of germs on buses. Easy to clean

Meets NHTSA and FMVSS Safety Standards.

Attaches in minutes to any model bus.

16 mil fire retardant PVC curtains are super durable.

CDC guidelines recommend that people maintain social distancing of 6 feet on vehicle. Transit Curtains for drivers help keep your drivers safe.

The retractable side curtain allows the driver to pull it back during operation to allow the best viewing. During boarding they are able to pull the side curtain forward to protect them from airborne viruses.. *Contact your*
