

Site Report – Perryville – February, 2018

**To: Superintendent Ty Mase
and LPSD School Board Members**

From: Joe Ward, Principal

Outstanding Activities and Events

Perryville School hosted the Tobacco Prevention Team from BBAHC on Tuesday, Feb. 12. Team members spoke with students and staff about the dangers of tobacco. Afterwards, the BBAHC team led a color run in which the students and some staff participated.

All three classes joined in activities celebrating St. Valentine's Day.

Personnel

Perryville was very glad to welcome Ashely Temarantz as our new secondary teacher. Ms. Temarantz is certified to teach Literature and Writing, but she has also taken over the level 6 distance math class. Ms. Temarantz works with 8 students in 8th, 9th and 12th grades. We also welcomed Whitney Hurlburt who has come as our tutor for the spring. Ms. Hurlburt is working with students at every level here in Perryville. She has used her SPED training working with the other teachers to identify ways to best meet the needs of some struggling students. Finally, Perryville also has a student teacher from UAA who came to Perryville at the same time as Ms. Temarantz and Ms. Hurlburt. The student teacher, Bridget Maddeford, has focused on early elementary in her studies and has been working in Mrs. Ward's class.

Facility Update

At the beginning of the month, Perryville was hit with extremely strong winds that damaged several buildings in the community including the school. A vent cover was blown off of the exterior wall. Along with the vent cover, the wifi connection to the boiler room was torn off of the wall. Ronne Richter and Ralph Phillips worked together to make repairs to the wall and restore the wifi connection to the boiler room. The wifi connection to the boiler room is used to maintain remote control of the boiler room equipment.

Professional Development

On February 16, the certified staff of Perryville School met with the staffs of Chignik Lake and Chignik Lagoon for professional development. In this meeting, we discussed strategies to improve school climate, ways to employ a growth mindset to positively spur responsible student the use of Lanschool to better facilitate student learning, the use of video assignments to demonstrate mastery and approaches to be more efficient with PowerSchool.

Pupil Attendance

Perryville had 23 K-12 students enrolled during February. We maintained a 99.875% attendance rate during the month.

Maryellen Dalberg helps Ashely Temarantz (Back to camera), Whitney Hurlburt and Bridget Maddeford move into their home for the Spring Semester.

The 2018 Perryville Color Run sponsored by BBAHC's tobacco prevention team starts with a bang! Well, at least a cloud.

Destiny Nusbaum (5th grade) leads the middle school pack as the runners/walkers make their colorful return to the school.
