Notable Highlights

Mrs. Eileen Allen passed the necessary test in Math/Science to be recognized as a Highly Qualified teacher according to the NCLB requirements.

Mrs. Pam Melancon survived Hurricane Wilma and is extremely happy to be back in her classroom.

Principal's General Narrative:

The teachers at both the Intermediate and Jr. High Schools are working hard to prepare the students. Benchmark tests in various tested subjects will be given to determine where the focus of study needs to be at this point in time.

One student had an accident that resulted in a cut to the top of his head and a concussion. He is doing alright.

The student involved in the car accident earlier this year is at home and improving. His educational needs are being worked out and should continue as soon as he is able to procede.

Thank each of you for your dedication and hard work in behalf of our students and teachers.

Respectfully submitted,

Stoney Burks
