

THS Spring Tested Area 2018 Plan of Action

- Bring extra teachers in tested area classes to work small groups and 1/1 on standard specific material.
- Incentives for Student Growth on Benchmark Assessments, and major incentive for Student Growth on MAAP Test
- Continue to analyze data after each benchmark assessment as a team. Look for areas where students are deficient. Remediate and Re-Teach in these areas.
- Alternative Ways to Analyze Data before Bench Mark Assessments.
- Increase after school tutoring numbers. Reward those who attend on a consistent basis.
- Attendance and Behavior incentives for students in tested areas.
- Raise our level of Expectation in all Tested Areas.
