Kelley Townsend, TVCC Dual Credit

David McAnally, TVCC V.P. of Workforce Education

Hello:

Your ISD is receiving a TVCC stipend payment for your non-credit nurse aide certification instruction. Your ISD will be receiving a check for \$450.00 in the next few days.

This stipend is for your ISD to use as you see fit. It is earned by your ISD paying the salary of the school district employee who is instructing the nurse aide certification course (CNA). Our records show that there are 9 students in that training program.

Stipends are calculated as follows:

0-9 students	\$50/student
10-29 students	\$500
30-59 students	\$1000

My TVCC department values our partnership with your school. Please let us know if there are questions or suggestions about the non-credit program in which your students are participating. The training that your students are receiving is a part of the TVCC Medical/Nursing Assistant Program. The link below provides additional information. Please remember that your students can receive articulated credit in this program for their non-credit training.
