

What Are Advanced Placement Courses?

The Basics

- AP[®] courses are college-level courses offered in high school.
- Courses reflect what's taught in introductory college courses.
- Students take AP Exams at the end of the course, measuring their mastery of college-level work.
- Students can typically earn college credit and/or placement into honors or advanced courses when they score a 3 or higher on an AP Exam.

(Students who score a 3 or higher in AP Seminar and AP Research plus 4 other AP Exams will receive a Capstone Diploma.)
