

SUBJECT: Consideration and possible approval of UPS Replacement (eRate), CSP #25P-020LP to vPrime Tech Inc for the purchase of 46 Cyberpower UPS for an estimated total amount of \$63,000.

BACKGROUND: In accordance with Texas Education Code 44.031, the purchasing office electronically distributed CSPs to 910 companies and posted in the E-Rate Productivity Center (EPC) application management portal for the Schools and Libraries (E-Rate) Program with eleven companies responding. Contract dates will run from April 1, 2025, to June 30, 2027.

FINANCIAL IMPLICATIONS: The estimated total amount is \$63,000. The districts portion, after E-Rate approval, is an estimated 15-30% of the estimated amount. All services applied for will be covered through a combination of 2022 Bond Funds and General Operating Funds and can be contingent on E-Rate funding approval. This process secures the opportunity to receive additional savings to district for these specific E-Rate eligible services.

RECOMMENDATION: We recommend approval of UPS Replacement (eRate), CSP #25P-020LP to vPrime Tech Inc for the purchase of 46 Cyberpower UPS for an estimated total amount of \$63,000.
