

## Selection of Delivery Methods for Construction Projects

Pursuant to CV (Local) policy, the Board shall determine the project delivery method to be used for each construction project valued at or above \$50,000. The following recommendations are based on providing the best value to the District.

- New High School track – Interlocal agreement/purchasing cooperative: competitive price and expedited construction
- New elementary playground equipment - Interlocal agreement/purchasing cooperative: competitive price and expedited construction
- Fencing - Interlocal agreement/purchasing cooperative, request for competitive quotes and competitive sealed proposals: competitive price and expedited construction and local contractors
- Grounds improvements – request for quotes: local contractors
- Interior/Exterior painting – competitive sealed proposals: local contractors

It is the recommendation of the administration that the Board of Trustees approve the delivery methods as presented
