Good Things at PHS:

CKH Student Process Champions assisted Lincoln Elementary by helping to deliver their food items to Loaves and Fishes. The students also sorted, inventoried and stocked the food pantry shelves.

208 Students qualified to participate in the third quarter attendance incentives.

PHS is getting a facelift in a couple areas. The Foods Lab at PHS has received a refresh. Fresh paint and some small details make the room a lot more inviting. The upgrades were done to prepare the room to be the IESA state tourney hospitality room. A dead space area on the second floor is also being turned into a collaboration space for students and teachers.

Other news:

Students have submitted their course selections and the scheduling process is underway.

We are diligently working to ensure the programs and responsibilities in Student Services are completed according to established guidelines and deadlines. This is a group effort. The main office personnel and some faculty members have stepped up to help.
