PRIDE IN AMPHI

Tony Montoya class of 2018

Tony Montoya (Class of 2018 is Amphi High's first student to participate in our district's Trades Apprenticeship program.

The Trades Apprenticeship program hires recent district graduates, who are also enrolled in the Pima Community College Facilities Trades Associates program. The former students work on the district grounds team, while also taking night classes at Pima. The goal is that the former students work for the district, while also learning trades/facility skills at Pima that could lead to advancement.

We're excited to see Tony take his first step in the "real world" with this program!

IT ALWAYS
SEEMS
IMPOSSIBLE
UNTIL
IT'S DONE.
