Subject: You never know

Mrs. Rhonda Carrigan our wonderful registrar at the middle school was doing her normal "keep the clock at the volleyball game" duties last night when she noticed a girl from Bonham obviously in trouble. She was eating a piece of candy with a group of team mates and she was choking. Mrs. Carrigan's natural ability to take care of others jumped into play and she administered the Heimlich several times and the candy finally came out.

Thank you Mrs. Carrigan for being a valued employee of Aubrey Middle School and coming to that little girls rescue!!!  
We are proud to have you on our team!!!
