Subject: Letter from resident affected by BESS

Dear Mr. Sopocy,

Please see attached letter that I was able to get from a resident in California that was affected by the Moss Landing battery fire. She is a native Michigander and has a message that she wants to share. Would you please forward this to the other commissioners and perhaps your administrator and planning commission? This letter is in your hands now. If you want the original I would be happy to give it to you for the record. Please just let me know.

Thank you,
Sheila Salmon
