

Hallsville ISD Department of Special Education

Director:
Amy Collins

Update for May School Board meeting:

- 1.) Results of our Cyclical Review and Dyslexia Program Review will be highlighted at the school board meeting this month
- 2.) Next month I will provide updates on numbers in Special Education and referral numbers by campus for the 2024/25 school year.
- 3.) Special Ed field day was a hit! We had 91 athletes and 120 buddies! I believe this year was the best one yet! The participation and collaboration among departments for this event is awesome! The Bobcat Belles, cheerleaders, student council, culinary arts, technology, and transportation make this event special for our students and allow us to provide an experience like no other! Ambucs and Community Health Core also contributed to the activities and resources. We are blessed with support!
- 4.) Staffing changes-2 of our LSSP's resigned and I have been able to replace one of those positions. I have contracting options to fill in where needed if we cannot find another LSSP. We added an OT position that will be very beneficial for our students!
