COLLEGE GOING

Students enrolling in a two or four year college within 12 months of completing high school in 2021-22. Data from the National Student Clearinghouse.

School Goals

At Alsea Charter School, we strive to provide a safe and productive learning environment where students and staff feel welcome and included. We believe that by providing students and families with learning choices and meaningful opportunities to improve school experiences, utilizing today's technology to enrich student learning, and communicating the importance of regular attendance to families, our students will be prepared to participate and complete in a global society.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

At Alsea Charter School, we believe that the only way to have a productive environment is to create a place where students and staff want to be. We start off the year with school shirts to promote community and school spirit. We provides opportunities for staff and students to come together and discuss ways to make our school a better place. We also work with local agencies to provide students with necessities for school, as well as supports for families. We use SafeOregon to help families and students feel safe in reporting incidents that could hinder learning.
