COVID Report

- A survey was recently completed about how we did last year with our Safe Learning Plan. I can send full results if anyone wants to see them. Email me and I will get those to you. Highlights:
 - People were satisfied with our safety measures and communication. Most felt technology was very important last year to their child's education.
 - The most common input was to not require masking.
- New guidelines will be out this summer and then we will adjust our plan accordingly.
