

CINTAS

Facility and Rental Services

This company provides some cleaning equipment and services such as rug and apron cleaning.

Over the years, the past contract was whittled down based upon need and now costs about \$200-300 per month.

We are satisfied with the service, it is below bidding threshold, and we are offered a group pricing.

We, Chad-Linda-myself, have reviewed the contract and recommend that the 3 year contract be approved.
