

CROCKETT COUNTY CONSOLIDATED COMMON SCHOOL DISTRICT
BOARD OF EDUCATION

Subject: **Consider Field Maintenance - Lion Stadium**

Related Pages: (attached)

Presented by:
Chris duBois
Superintendent

ACTION

BACKGROUND INFORMATION

The Board asked us to solicit proposals in late 2011 for rehabilitation of the game field at Lion Stadium. This information was presented as report-only information.

If we desire any rehabilitative work on the field for the 2012 season, at least one solution would require the Board consider approving a proposal and authorizing a contract this February at the latest. Materials require a 90 day lead time and the work schedule would need to be locked in now.

I have been asked to prepare a longitudinal cost analysis for your consideration. I have also attached the original comparison information and will be prepared to discuss details of all proposed solutions.

ADMINISTRATIVE RECOMMENDATION

No specific recommendation from me, but I do urge you to strongly consider some solution for 2012, as the condition of the game field is currently well beyond addressment via simple maintenance efforts.

APPROVAL/DISAPPROVAL
