

Washington School

At Washington School we collaborated as grade level teams and as a BLT on how to utilize our extra 30 minutes. Below are example schedules for Kindergarten and 1st grade.

Kindergarten

Kindergarten is utilizing the 30 minutes at the beginning of the day to teach our Tier 1 curriculum 2nd Step and utilize a structure play time to practice these Social Skills. This will help our teachers fulfill the need of the KIDS assessment as well as give students an opportunity to work through the social skills they are learning in the 2nd Step Lessons. We will also be implementing a morning meeting which will consist of a greeting, a Brain Smart Start, and relationship building activities.

1st Grade

1st grade plans to divide their 30 -minutes into Amplify Skills and Envision Math. This will allow teachers to dedicate more time to work on writing skills and prepare them for the different genres of writing within the Amplify Curriculum. The 15 minutes dedicated to Envision Math will be used to extend time on the “Talk and Share” in each lesson and begin utilizing Math Groups aligned with the curriculum.
