2013-14 Key findings from aggregating the child assessment data

### 1304.21 Education and Early Childhood Development

#### Key Findings

- Students were assessed using the DIAL 4 assessment
- Education Manager compiled DIAL 4 Raw Score Class Summary Report to reflect mid-term scores and noted areas of regression
- Education Manager and Director shared DIAL 4 Raw Score Class Summary Report with teachers. Content, quality, consistency, and credibility of our system were discussed. Suggestions for improvement were noted.
- Teachers used information to determine three areas of weakness and incorporate new teaching strategies for those areas.
- Teachers and management team discussed plan to improve individualization with students showing regression.

#### Parent Input
