

Executive Summary

Prepared for Board of Trustees Meeting September 25, 2012

On-Line Student Registration Update

Board Goal:

II. Teaching and Learning, III. Climate, IV. Parent and Community Involvement, VI. Growth, Change and Fiscal Responsibility

Purpose of Report:

The Purpose of this report is to update the Board of Trustees on the spring 2012 On-Line Registration process.

Objectives:

- Registration/Verification Components
- Challenges from 2012
- Preparation for 2013
- Changes/Proposals
- Overall Perspective

Operational Impact:

The process was two-fold:

1. New students to the district – Provide parents/guardians new to the Denton ISD the option of electronic enrollment from a Denton ISD campus or from the comfort of their home.
2. Returning students – Provide parents/guardians who have students currently enrolled in Denton ISD schools to electronically verify existing data for each child. If changes are necessary, they may be made from a personal computer using the Home Access Center (HAC).

Results: (A brief summary of what the program or activity for which the report is written can be expected to accomplish. Discuss the advantages *and* disadvantages of the proposal. Include in the report (but not in this summary) any evaluative data which may help illustrate program status or progress.)

The Denton ISD On-Line Registration process was implemented in the spring of 2012. Throughout the process we gained valuable insight in order to better accommodate our parents and campuses for the 2013 registration/verification process.

Executive Summary
Prepared for Board of Trustees Meeting
September 25, 2012

On-Line Student Registration Update

Other Options: (List all other options that are available for the Board to consider.)

The On-Line Registration process is a viable, effective method of enrolling new students to the Denton ISD as well as current students who can easily verify existing information. This electronic enrollment process is an effective use of district technology, a more productive use of our staff, considerate of our parent's time and ecologically efficient.
