

Community Education Department

Program Report

April 2018

- Community Education is working with the SCSD Superintendents Conference-Parent Involvement. We have a total of 65 parents scheduled to attend on April 18th at the Tinley Park Convention Center. Every year, the parent conference is well attended.
- Community Education is working with Alpha Kappa Alpha Sorority Inc. for their annual Community Back To School Day. We have worked with the sorority last year with their community support of the children in our district community.
- We would like to give a special “Thank You” to the men of Kappa Alpha Psi for their participation with the students of Maya Angelou School for their “Real Men Read” event on March 22nd. These gentlemen are excited to be working with District 152 on several events in the future.
- Anyone interested in videos from either the community forum or the production of the “The Lion King” please see Ms. Bolton for a copy of the video.

What’s going on in the community:
