

# **RWPS Educational Plan 5 Year Action Plan**

Direction 2 & 3  
2019-2025  
Updated: 3/22/21

# RED WING PUBLIC SCHOOL Educational Plan

## Vision

Red Wing Public Schools strives to provide an innovative and meaningful educational experience that:

- Fosters curiosity.
- Pursues and applies best practices.
- Embraces diversity by respectfully engaging all students, families, and staff.
- Connects and partners with our community.

## Mission

The mission of the Red Wing Public Schools is to educate and inspire all students as they realize their full potential and become respectful, responsible, and productive citizens.

## Core Values - The Winger Way

**Respect** --We act in a way that demonstrates how much we value each other

**Responsibility** --We keep our promises and follow through on what is expected of us

**Pride** --We are proud of our history and who we are becoming

**Safety** --We work for the well-being and care of each other

**Community** --We welcome all and recognize the whole as the sum of our diverse parts

## Strategic Directions

Providing excellent educational opportunities to enhance student learning and engagement with proven instructional strategies and technology integration

- Establish career pathways by aligning curriculum, increasing connections with the community, and providing internships and other work-based learning opportunities.
- Implement more hands-on learning and technology integration, particularly STEAM (science, technology, engineering, arts and math) practices.
- Provide additional resources to improve reading and math achievement for both students who are struggling and students needing advanced learning.
- Update student computers, curriculum, and instructional equipment as needed.

Focusing instruction and professional growth on improving student learning and engagement

- Effectively implement Professional Learning Communities.
- Provide support to teachers to implement instructional strategies through targeted professional development.

Creating a responsive, safe, open and respectful environment across all schools and programs

- Provide additional resources to manage discipline and enhance student behavior.
- Improve communication with families, staff and the community.
- Support student mental health issues.

Providing high quality and efficient services through the strategic investment and allocation of resources

- Align District, building, and classroom goals.
- Make decisions based on updated 5-year financial plans.

BOLD Rows = Priority

Red Wing
